***Ameron International Awards Premier Solutions Co. Consolidation Project***

***Fountain Valley, CA – Oct.1, 2009***– Premier Solutions Co., a distributor of IT Infrastructure products and IT services, has been awarded a project by Ameron International, a leader producer of fiberglass-composite piping, concrete and steel pipe systems, and specialized construction products ,and Ashmore Construction to provide the hot aisle containment solution from APC system for their Brea facility. The project will consolidate 4 national locations.

“The APC ISX solution addresses 80KW of direct “Inrow cooling”, centralized power and 80KW UPS into the full contained infrastructure,” stated Bill Montgomery, Founder of Premier Solutions Co. the “Inrow” vs. “room based” cooling scenario is playing out in many centers today, as the clients expected PUE (power utilization efficiency) and DCEE (data center energy efficiency )ratings will confirm full energy utilization.

In addition, the solution comes with “remote power and server management”.

***About Premier Solutions Co.***

Founded in 1998, Premier Solutions Co. with over 40+ data center builds, is a leader in the data center arena, offering Power-cooling and storage solutions.

Premier Solutions Co. “blue chip” client base includes such companies as QUALCOMM, The Disney Company, Northrop Grumman, Kaiser Permanente, and Southern California Edison.
